Portfolio: lukegraham.us

Full Stack Web Developer with experience in strategic storytelling as a Communications graduate, looking to design and develop user-focused web experiences. Strong interpersonal skills with attention to detail. Effectively utilizes a combination of communication, diplomacy, problem-solving and decision-making skills. Skilled in designing, developing, and maintaining websites from conception to production. Able to work in a diverse team environment to develop solutions and exceed expectations.

TECHNICAL SKILLS

Languages and Libraries: JavaScript, HTML, CSS, React.js, jQuery, Bootstrap, Materialize, Express.js, Node.js
Developer Tools: Redux, Passport.js, GIT, Firebase, Socket.IO, APIs, Postman, Handlebars, Nginx, PM2, JSON, AJAX, MySQL, MongoDB, Sequelize, Strapi, Mongoose, Next.js, Webpack

EXPERIENCE

Lead Web Developer 2019 – Present
Rancho Bernardo Community Church; San Diego, CA

- Created an event reservation MERN (Mongo, Express, React, Node) app empowering people to reserve seats for upcoming events and helping organizations with contact tracing
- Automated workflow with an app that processes work orders using MERN (MySQL, Express, React, Node.js), and PassportJS deployed on a Linux (Ubuntu) server with Nginx.
- Redeveloped organization website with Node.js, Express, Handlebars, Contentful, and Socket.IO deployed in a Linux (Ubuntu) environment. Automatically keeps event data timely.
- Mentor and assist in the training and on-boarding of other team members using Adobe Photoshop, inDesign and others.
- Produce a newsletter distributed to 550 readers and a two-minute video viewed by 800 people weekly to ensure attendees consistently receive timely and complete information

Contemporary Worship Director 2012 – 2019
Rancho Bernardo Community Church; San Diego, CA

- Led a staff of four employees and 40 volunteers who executed 1,014 special events over six and a half years, the largest of which drew over 1000 people in consistent annual attendance
- Digitized music library, implemented click track-synchronization between live band, orchestra and video to improve user experience
- Helped provide stability to organization during times of challenging transitions
- Recognized by outgoing supervisor for exemplary servant leadership
